

TORQUE GAUGES SERIES MG

- Force Gauges
- ▼ Torque Gauges

- Force/Torque Indicators
- Sensors
- Test Stands
- Grips & Attachments
- Accessories
- Software

FEATURES / SPECIFICATIONS

- Low cost
- Programmable automatic shutoff
- Programmable default configuration
- Selectable units of measurement
- Rugged aluminum housing
- Remote sensor
- Peak memory for clockwise and counter clockwise readings
- IPM - Intelligent Power Management
- Push-button calibration
- Capacities from 10 ozin (7 Ncm) to 100 lbin (1150 Ncm)
- Battery or AC operation
- Accuracy: $\pm 0.5\%$ of full scale ± 1 digit
- Sampling rate: 30 readings/sec
- Safe overload: 150% of capacity
- Battery life: 30 hours of continuous operation
- Weight: 1.8 lbs (0.8 kg)
- Warranty: 1 year

ORDERING INFORMATION

Model	Capacity x resolution	Price
MGT10Z	10 x 0.01 ozin, 7 x 0.005 kgFmm, 7 x 0.005 Ncm, 110V	\$1075.00
MGT20Z	20 x 0.02 ozin, 14 x 0.01 kgFmm, 14 x 0.01 Ncm, 110V	\$1075.00
MGT50Z	50 x 0.05 ozin, 36 x 0.05 kgFmm, 35 x 0.05 Ncm, 110V	\$1025.00
MGT12	12 x 0.01 lbin, 140 x 0.1 kgFmm, 135 x 0.1 Ncm, 110V	\$975.00
MGT50	50 x 0.05 lbin, 580 x 0.5 kgFmm, 570 x 0.5 Ncm, 110V	\$975.00
MGT100	100 x 0.1 lbin, 1150 x 1 kgFmm, 1150 x 1 Ncm, 110V	\$975.00

For 220v operation add suffix E to model number. Example: MGT50E

All instruments are supplied in a cushioned carrying case with AC adapter, chuck key, user's manual and NIST certificate.
